

**Barbara says thanks to the 59 brave souls  
(named overleaf) who commissioned an object  
to be made purposely and with respect,  
during the last calendar year, 2003.**

The commissioned jewel remains our mainstay  
and as the word spreads, so  
does the scope of individual requests for  
something unique and challenging.

Gems hold the interest factor and we are  
delighted to create and manufacture  
so many varied metal options.

Commissioning clients and their friends  
are invited annually to our studio sale at  
the Lansdowne Street studio.

**You are invited to attend Saturday 13th  
& Sunday 14th December from  
11:00am – 5:00pm.**

Stock is returned from retailers around  
the country and is offered at wholesale  
prices for these two days only.

Malcolm also makes available our gem  
stock, showing once a year reductions.

**We do hope to see you.  
Barbara, Malcolm, Juan-Luis & Marisa**

We are also delighted to broadcast our  
four public art projects initiated this year:

- 'door hardware' for the new Magistrate's Court in George St. Brisbane, Cox Rayner
- 'botanica' Stage 2 at Roma Street Parklands with Urban Arts Projects
- 'swell' at the Gold Coast City Council's new BVN administration building
- 'door hardware' for the refit of the QE11 stadium at Nathan in Brisbane for QAS
